**No camps on July 4.

FINE ARTS CAMPS

Summertime Paint Camp (ages 6 - 12) Do you love art & having fun? Use acrylic paint to create an 11x14 canvas & have fun with games. **Instructor:** Pamela Sheehan

Acting Up "A Modern Tale of Sleeping Beauty" (ages 6 - 13) Learn acting skills, projection, & poise while acting out your favorite characters from Sleeping Beauty! **Instructor:** Jo Ho

Academy of the Arts

Fairy Princess Camp (ages 6 - 12) Learn beginning ballet moves & recreate fairy tales with a sprinkling of pixie dust & little dress up!

Glam Camp (ages 6 - 12) Rock superstars will enjoy dressing up, creating cool dances, & performing like the inner diva that they are! Wear comfortable clothing & bring a lunch.

SPORTS & FITNESS CAMPS

Velocity Volleyball Camp (ages 8 - 13) Through fast paced training & game-like drills, players will work on refining their techniques on all aspects of the game! **Instructor:** Coach Susan Specht

Yognastics (ages 6 - 12) Learn and practice a combination of yoga balances & gymnastics skills! **Instructor:** Joanne McLay

Jr Tae Kwon Do Camp (ages 6 - 12) Get engaged through fun and games centered around safety, self-defense, basic tae kwon do, fitness, and problem solving. **Instructor:** Master Suzan Crochet

Livin' the Dream

Basketball Camp (ages 7 - 14) Focus on the development of basketball fundamentals with professional coaching, skill development exercises & fun competitions.

Basketball Clinic (ages 4 - 6) This is a fun-filled introduction to the fundamentals of basketball with professional coaching, skill development exercises, & fun competitions.

SCIENCE & TECHNOLOGY CAMPS

Play-Well TEKnologies

***For Play-Well camps, register for a morning and an afternoon session in same week and get \$30 off!**

Super Hero Engineering (ages 5 - 9)* Build hideouts & vehicles of your favorite Super Heroes & learn what makes them Super Engineers!

WeDo Programming (ages 7 - 9)* Build & program robots using the LEGO® WeDo® system. Learn basic robotic programming skills, engineering concepts, & the names of robot components.

Harry Potter Engineering (ages 5 - 12)* Build Diagon Alley, hop on your Broomstick, play Quidditch, & more! Refine your magical skills while learning about advanced Muggle (STEM) concepts.

Ev3 Programming (ages 9 - 12)* Build & program robots using LEGO® Mindstorms EV3 system! Learn about mechanical & software design, loops, conditional statements, problem solving, & teamwork skills!

Mine, Craft, Build: Adventure Game with LEGO® (ages 5 - 9)* Resourcefulness, creativity, & cooperation come together in this building adventure game; roll the dice to mine for resources, & build special items to help in our adventures!

Mine, Craft, Build: Survival Game with LEGO® (ages 9 - 12)* Resourcefulness, creativity, & cooperation come together in this unique building adventure game; roll the dice to mine for resources, craft tools, & watch out for Creepers!

Youth Tech Inc.

Roblox Studio-Programming & Game Development (ages 9 - 15) Explore concepts such as beginner physics, LUA programming, & game development, while building & publishing a multi-player game to share with friends & family!

Robotics- Battle Bots (ages 9 - 15) Bring your imagination to build & program your own robot! Then compete in the battle bots competition with classmates!

iMobile Game Design (ages 6 - 12) Sketch, build, play. From conception to play, you'll create your own video game on a mobile device!

Video Game Design (ages 9 - 17) Beyond the basics, you will start from the beginning and finish the week by producing several different interactive video games!

Gaming & Coding (ages 6 - 12)** Build simple video games by combing the art of video game design & animation. You will create interactive characters that will fly across the screen!

iCode (ages 6 - 12)** Create virtual apps & write your own program to share with friends & family. Learn to code & explore problem solving & programming logic.

iGame Creators (ages 6 - 12)** Create virtual apps & write your own programs to share with friends & family. Explore problem solving & programming logic while having fun!

Mad Science

Grossology (ages 7 - 12)* Life is full of slippery, slimy, gooey & gassy stuff! Investigate DNA, digestion, chemical reactions, electrochemical reactions, & mucus!

The Wright Stuff (ages 7 - 12)* From the earliest flying machines to the first rocket flights, take a bird's eye view of the history & science of flight. Build different flying devices & explore the science of aerodynamics & flight with the help of Newton's laws.

Super Summer Science Lab (ages 7 - 12)* Put on your engineer's hat, use simple machines, and learn about chemical reactions! Spend a day being a true Mad Scientist!

Claws, Codes, & Cosmos (ages 7 - 12)* Discover how to send secret messages to your friends using special codes. Learn about our environment & how science will protect our planet & more!

OTHER AWESOME CAMPS

The Knight School

Little Geniuses (ages 4 - 6) Learn chess with silly videos, colorful silicone Tactix bands, funny movies, puppet shows & chess clock tournaments!

Chess Camp (ages 7 - 12)* Keep your brain sharp with a new chess tactic each day! Practice with fun videos, music-driven puzzlers for prizes, colorful silicone Tactix bands, & chess clock tournaments!

KC Chess Club

Chess Camp (ages 5 - 13)* Join us for casual chess play, training exercises, & competitive games. We'll ice the chess cake with medals, prizes, & camp T-shirt for all players!

Shawnee Police Department

CSI Crime Lab (ages 10 - 15) What is behind the science of investigating a crime scene? Use your new skills to solve a mock crime scene using fingerprint dusting & footprint molding!

Shawnee Fire Department

Shawnee Fire Department Jr. Firefighter Camp (ages 10 - 15) Come experience a day in the life of a firefighter! Check out fire trucks, perform a search and rescue, and more! Lunch and a shirt included, too.

NEW! Before and After Camp Care

This summer, we are offering early drop-off at 8am (for camps before lunch) and late pick-up by 5pm (for camps after lunch). These camps are marked with an*. This is included in the price of registration.
