Our goal throughout 2019 included focusing on building a strong foundation, providing high quality services, and adequately protecting City assets. Through hard work, unprecedented partnerships, a shared vision, and exceptional leadership, we’ve positioned Shawnee as a progressive and innovative place to live, work, and play. As our City continues to grow, we hope you will continue to experience and enjoy all the great things Shawnee has to offer. I am very proud that I work with the finest public servants anywhere. They continually do the right things for the right reasons day after day. They truly are remarkable.

It is my pleasure to present this report of our accomplishments for 2019. Thank you for your continued community support.

Nolan Sunderman - Shawnee City Manager
Shawnee residents, visitors, and businesses are proud of their City government and the exceptional level of services provided by dedicated employees. City services are provided in a financially sustainable manner with high service levels delivered with a commitment to efficiency.

The services to our community are enhanced by the professionalism, dedication, and productivity of our employees and volunteers. We believe in recognizing commitment and dedication to the City through the Service Awards Program. Each year individuals are recognized for their tenure of municipal service for the State of Kansas. In 2019, 30 employees and volunteers were recognized for over 400 years of service.

S hawnee is committed to public safety by maintaining an effective workforce that is representative of the community. A main objective for the City this past year was to invest in resources to better equip our personnel who consistently demonstrate their professionalism, dedication, and hard work on a daily basis in service to Shawnee’s residents, businesses, and visitors.

25,749 HOURS DEDICATED TO PUBLIC SAFETY TRAINING

P eople want to be safe, healthy, and active. They want to feel included and want access to services, systems, and opportunities to participate in the community. Fostering resilient, safe, inclusive, and vibrant communities is the foundation of Shawnee’s success.

The City implements programs and projects that create a clean, well-maintained, safe, and sustainable environment and that provides citizens with opportunities for an engaged, healthy, and active lifestyle.

The City provides programs, gathering places, and events where the community can come together to participate in opportunities of learning and recreation. Sustainable relationships with the community are cultivated through citizen engagement, outstanding customer service, and clear, accessible communication.

The Parks and Recreation Department is in the process of developing a Master Plan, which will identify opportunities and strategies to implement within the City’s network of parks, open space, trails, and recreation in Shawnee.

Infrastructure includes roads, facilities, and systems that keep the City functional, keeps people moving, and meets core needs of people. Ensuring these assets are well maintained contributes to increased capacity, growth, and investment. The next five years are projected to have large programs, which will have significant impact on the condition and the appearance of our street network. Additionally, the Pavement Management Team implemented a Sidewalk Gap Infill project to connect areas of the City where sidewalks are missing.

Quality Cultural and Recreational Opportunities

The City seeks diverse, high quality development and fosters local jobs through the strategic pursuit of industries. Business investment and sustainability is fostered through streamlined processes, strategic marketing, developing ongoing relationships, and encouraging tourism.

We had a solid year for development as we saw both public and private investment in our community. Development downtown has never been better. Several new developments began to take shape, including the new Stag’s Spring luxury apartments, McLain’s Market is under construction in the former OK Garage location, the Aztec Theatre renovations are nearly complete, and concepts are being created for the Nieman catalyst site that could bring a unique living and working scene to the corridor. We also have our sights set on another big project near K7 and 43rd Street. Heartland Logistics Park is an office/warehouse development with about two million square feet of building area. This development will bring hundreds of new jobs to Shawnee.

We are all stewards of our environment. Acting now by preserving the natural environment, reducing our carbon footprint, and building the city in an environmentally sound manner, will benefit future generations.

Shawnee is a sustainable, welcoming community comprised of desirable neighborhoods, attractive green space, and cultural and recreational opportunities, all of which foster a safe, healthy, and enriched quality of life.
