A. Introduction

Title VI of the Civil Rights Act of 1964 provides that “no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving federal financial assistance.” To fulfill this basic civil rights mandate, each federal agency that provides financial assistance for any program is authorized and directed by the United States Department of Justice to apply provisions of Title VI to each program by issuing applicable rules, regulations, or requirements. The Federal Transit Administration (FTA) of the United States Department of Transportation issued guidelines on October 2012, FTA C 4702.1,B describing the contents of Title VI compliance programs to be adopted and maintained by recipients of FTA administered funds for transit programs.
B. Title VI Assurances

The City of Shawnee CityRide Program agrees to comply with all provisions prohibiting discrimination on the basis of race, color, or national origin of Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. 200d et seq., and with U.S. DOT regulations, “Nondiscrimination in Federally-Assisted Programs of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act,” 49 CFR part 21.

The City of Shawnee CityRide Program assures that no person shall, as provided by Federal and State civil rights laws, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity. The City of Shawnee CityRide Program further ensures every effort will be made to ensure non-discrimination in all programs and activities, whether those programs and activities are federally funded or not.

The City of Shawnee CityRide Program meets the objectives of the FTA Master Agreement which governs all entities applying for FTA funding, including the City of Shawnee CityRide Program and its third-party contractors by promoting actions that:

A. Ensure that the level and quality of transportation service is provided without regard to race, color, or national origin.

B. Identify and address, as appropriate, disproportionally high and adverse effects of programs and activities on minority populations and low-income populations.

C. Promote the full and fair participation of all affected Title VI populations in transportation decision making.

D. Prevent the denial, reduction, or delay in benefits related to programs and activities that benefit minority populations or low-income populations.

E. Ensure meaningful access to programs and activities by persons with Limited English Proficiency (LEP).

G. Public Participation/Engagement Plan

**Goal:** The goal of the Public Engagement Plan is to have significant and ongoing public involvement, by all identified audiences, in the public participation process for major agency outreach efforts.

**Objectives:** The objectives of the Public Engagement Plan are:

- To understand the service area demographics and determine what non-English languages and other cultural barriers exist to public participation.

H. Language Assistance Plan

The City of Shawnee CityRide Program Limited English Proficiency Plan: This limited English Proficiency (LEP) Plan has been prepared to address the City of Shawnee CityRide Program’s responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited language skills. The plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964; Federal Transit Administration Circular 4702.1B, dated October 1, 2012, which states that the level and quality of transportation service is provided without regard to race, color, or national origin.

Executive order 13166, titled “Improving Access to Services for Persons with Limited English Proficiency,” indicates that differing treatment based upon a person's inability to speak, read, write or understand English is a type of national origin discrimination. It directs each federal agency to publish guidance for its respective recipients clarifying their obligation to ensure that such discriminations do not take place. This order applies to all state and local agencies which receive federal funds.

Service Area Description: The City of Shawnee CityRide Program provides rides to and from private residences, to businesses, to physician offices, and any other location inside the Shawnee City limits. As part of this program, 10/10 Taxi will also take eligible Shawnee residents to the Shawnee Mission Hospital Complex, the Merriam Nutritional Center at the Irene French Community Center at 5701 Merriam Drive or the Mission Transit Center at 5251 Johnson Drive at no additional charge. A map of the City of Shawnee is attached.

The City of Shawnee CityRide Program has developed this LEP Plan to help identify reasonable steps for providing language assistance to persons with limited English proficiency who wish to access services provided by the City of Shawnee CityRide Program. As defined in Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English. This plan outlines how to identify a person who may need language assistance, and the ways in which assistance may be provided.

In order to prepare this plan, the City of Shawnee CityRide Program undertook the four-factor LEP analysis which considers the following factors:

1. The number and proportion of LEP persons eligible to be served or likely to be encountered in the service area: A significant majority of people in the City of Shawnee CityRide Program service area are proficient in the English language. Based on 2013 Census data, 3.1% of the population five years of age and older speak English “less than very well” – a definition of limited English proficiency.

2. Frequency of Contact by LEP Persons with the City of Shawnee CityRide Program’s Services: The City of Shawnee CityRide Program identified that there are no current users with limited English proficiency. The City of Shawnee CityRide Program will explore ways to reach out to any language group that request CityRide services.

3. The importance of programs, activities or services provided by the City of Shawnee CityRide Program to LEP persons: The City of Shawnee CityRide Program provides transportation services to eligible riders within the City limits of Shawnee. Interpreters are available upon request for individuals who speak English less than very well.

4. The resources available to the City of Shawnee CityRide Program and overall cost to provide LEP assistance: The City has several staff members who are fluent in Spanish and available for
Translation services. Costs for translation services will be determined by a contract with a language assistance provider. The City requests forty-eight (48) hour advance notices from participants needing translation services. The City will use web-based translation services to determine what language assistance is needed.

Staff Training: The following training will be provided to the City of Shawnee CityRide Program staff:

1. Information on the City of Shawnee CityRide Program’s Title VI Procedures and LEP responsibilities.
2. Training on using web-based translation services for first point of contact with participants with the caveat that web-based translation services should not be used for ongoing communications.
3. Description of language assistance services offered to the public.
4. Documentation of language assistance requests.

Monitoring and Updating the LEP Plan: The LEP Plan is a component of the City of Shawnee CityRide Program’s Title VI Plan requirement. The City of Shawnee CityRide Program will update the LEP plan as required. At minimum, the plan will be reviewed and updated when it is clear that higher concentrations of LEP individuals are present in the City of Shawnee CityRide Program service area. This will be tracked through U.S. Census data and appropriate data collection when participants sign-up for the service. Updates include the following:

1. How the needs of LEP persons have been addressed.
2. Determine the current LEP population in the service area.
3. Determine as to whether the need for, and/or extent of, translation services has changed.
4. Determine whether local language assistance programs have been effective and sufficient to meet the needs.
5. Determine whether the City of Shawnee CityRide Program's financial resources are sufficient to fund language assistance resources as needed.
6. Determine whether the City of Shawnee CityRide Program has fully complied with the goals of this LEP Plan.
7. Determine whether complaints have been received concerning the City of Shawnee CityRide Program’s failure to meet the needs of LEP individual.
